The innovative AC system offers strong power, accurate control and excellent performance.

With the new ergonomically designed tiller head, all buttons can be reached conveniently and comfortably.

Thanks to the long tiller design, it greatly decreases the steering force which leads to easy operation.

High Strength

High strength vertical gearbox provides reliable uptime.

Durable Hydraulic System

Low-noise and durable hydraulic unit with high quality cylinder and hose ensures reliability of the hydraulic system.

Durable Electric Wires

AMP connector and durable electric wires greatly reduces malfunctions of components.
