OPTIONS

Larger battery capacity

Special forks

Cold-room condition

The innovative AC system offers strong power, accurate control and excellent performance. High strength vertical gearbox provides reliable uptime. Emergency reverse belly button protects the operator from getting hurt. Emergency disconnecter will cut off power source to avoid accident when the truck goes out of control. Anti-rolling back brake keeps the truck from skidding down when truck is out of control or travelling on ramp.

Handle

Ergonomics Designed, smart and comfortable.

Fork

Easier entrance/excit design for pallet (single wheel available).

Key Switch

Integral design of key switch and emergency stop.

Manual brake release

Just use like hand pallet truck.
